Due to ongoing and continued projections of further financial losses at WBAI, local station operations are being discontinued as of October 7, 2019. We realize this news will come as a deep and painful shock, but we can no longer jeopardize the survival of the entire network.

We are grateful for all your efforts over the years to help WBAI and its listeners. We deeply appreciate the loyalty you have shown to the station and the Pacifica radio network.

We will relaunch WBAI once we are able to create a sustainable financial structure for the station. We will be airing a network source called Pacifica Across America until then.

Thank you.  
Pacifica Foundation
